Applicant: Marc Wallace						
Description: Due to Atmos Energy locking the gas meter the gas system was assessed, and it was determined that in order to properly and safely perform a gas pressure test on the system, modifications would be required. To facilitate proper testing in accordance with applicable codes and safety standards, the existing gas piping at the gas meter must be disassembled to allow for the installation of a test flange. The gas piping system will be modified as necessary to perform an accurate gas pressure test. A full gas leak detection test will be performed on the modified gas piping system using approved testing methods to identify any existing or newly discovered leaks.

Applicant: Richard Pope — ***0*** ***$3,900.00*** ***$95.85***

Description: Water heater in attic not heating. Provided estimate to perform tank diagnostic with manufacturer technician over the phone. While testing we discovered a micro mist coming from lower element that caused the breaker to trip when turned on. Heater is from 2010. The 30 gal is slightly taller but thin and small enough to fit where it needs to be. Installed new heater. Tied in expansion tank, hammer arrestor and T&P. Reinstalled comfort series recirculating pump on top of water heater. Tested. Pump is working properly.
Turned power on to heater once everything was connected and all air was bled from tank.
No leaks or issues at this time.

Reason for work: Heater was not heating and leaking from lower element seal causing it to short out and fail. Heater was also 16 years old.

Spec sheets: Attached

Site/ location plan: heater is located in the opposite corner of the lit/decked attic from the access ladder. Drawing attached

Applicant: Chase Schubert						
Description: 5/7/2026						

Each, May, TriTech Software plans and hosts this annual community event. Next year's Annual National Day of Prayer will be on Thursday, May 7, 2026. This gathering is a faith and community-focused event dedicated to praying for our nation, state, city, schools, first responders, churches, and families. The event is non-political and non-denominational, welcoming attendees of all backgrounds to participate. For the past 4 years, this event has grown more and more. The last 3 years, some of our guest speakers have been: both Allen Mayors Fulk and Brooks, Fairview Mayor Lessner, Allen City of Council members, Allen ISD school board members, Allen Police Chief Dye, Pastors from Cottonwood and First Baptist Allen, police officers, SRO's, non-profit leaders, business owners and executives, media personalities, veterans, teachers, principals, and family advocacy leaders. Last year, we had about 160 in attendance, the year prior, in 2024, we had around 100, and this next year, in 2026, we anticipate between 250 and 300.

The program will include live worship music, brief spoken prayers from community leaders and pastors, and designated moments of corporate prayer.

Following the event, we (TriTech) always provide lunch for all attendees through several food trucks that we pay for. Please note: no business or business solicitation will occur at this event. All resources are donated by our partner organizations (TriTech, Cottonwood, Thrivent, MD7, etc.).
