Applicant: Roger Williamson						

Description:

FDN - Concrete Pilings
Install concrete pressed piling piers in locations as indicated in Engineering report or other diagram provided. This repair is based on the engineer report that you provided from Lange Engineering dated February 14, 2026.

FDN - Steel Hybrid Pier B
Install steel/concrete Hybrid design piers in locations as indicated in Engineering report or diagram provided. The steel pier will be pushed to a depth of 15', then concrete pilings will be used for the remaining depth to reach stable soils or rock.

FDN - Interior Access
An additional charge for access to piers located in the interior areas of a structure. Floor coverings may be damaged or destroyed when performing foundation repair work. Replacement or reinstallation of floor coverings (carpet, tile, wood, etc) is NOT included in the scope of our work. Williamson does not typically move furniture but may help if requested. Williamson is not responsible for damaged furniture items.

Angle Iron
Add steel angle iron atop pier in order to distribute load across crack or under thin concrete.

Applicant: Wendy S Sanchez						
Description: *The proposed structure will be a flat-roof patio cover extending toward the artificial turf area. The patio will maintain a consistent 3-foot setback from the existing fence line along the entire length of the structure. Concrete slab: Slab will run parallel to the home, extending from the rear of the home toward the turf area. Patio Cover structure: Flat-roof patio cover attached to the home; roof height will be raised to align closely with the existing roof. Structural support posts will be installed along the slab edge (3 feet from fence) and will be securely anchored to the home and slab per local building codes. Materials used: Wood posts, beams, and fascia boards. All exposed wood will be stained to match the existing fence color. Roofing material will complement or match the existing home roofing. Patio design will not obstruct drainage. Access to existing pool equipment will remain unobstructed.*
